period 1995—2000 as compared to the total estimated transfer of Rs. 106036 crores recommended by the Ninth Finance Commission over the preceding quinquennium 1990—95. The recommendations of TFC have already been accepted by the Government of India. Accordingly the devolution of resources from Centre to States during 1995—2000 would be as per the recommendation of TFC. A copy of the Report of TFC alongwith a copy of the Explanatory Memorandum as to the action taken on the recommendations made by the Commission was placed on the Table of both Houses of Parliament on 14th March, 1995. There is no proposal under consideration of the Government to give additional allocation to individual States over what was recommended by the Tenth Finance Commission.
